Paper 2 Structured Questions

October/November 2011
1 hour 30 minutes

Candidates answer on the Question Paper.

No Additional Materials are required.

READ THESE INSTRUCTIONS FIRST

Write your Centre number, candidate number and name on all the work you hand in.

Write in dark blue or black pen.

You may use a soft pencil for rough working.

Do not use staples, paper clips, highlighters, glue or correction fluid.

DO NOT WRITE IN ANY BARCODES.

Answer all questions.

All accounting statements are to be presented in good style.

International accounting terms and formats should be used as appropriate.

Workings must be shown.

You may use a calculator.

At the end of the examination, fasten all your work securely together.

The number of marks is given in brackets [] at the end of each question or part question.

This document consists of **15** printed pages and **1** blank page.

1 Kirsty, a sole trader, prepared the following trial balance at 30 April 2011.

	\$	\$	
Rent	4 000		
General expenses	6 000		
Insurance	3 300		
Salaries	14 000		
Electricity	2 000		
Capital		44 000	
Motor expenses	4900		
Bad debts	200		
Drawings	6 000		
Trade receivables	6 200		
Trade payables		3 800	
Cash and cash equivalents	2 600		
Inventory	3 600		
10% Loan		15 000	
Loan interest	1 250		
Carriage outwards	700		
Commission received		730	
Ordinary goods purchased	56 000		
Revenue		108 000	
Purchases returns		2 500	
Sales returns	4 800		
Discounts allowed	600		
Discounts received		400	
Provision for doubtful debts		520	
Equipment	48 000		
Provision for depreciation of equipment		14 400	
Motor vehicles	36 000		
Provision for depreciation of motor vehicles		10 800	
	200 150	200 150	

The following information is also available:

- 1 The closing inventory at 30 April 2011 was valued at \$4200.
- 2 Included in the general expenses is an item of equipment purchased during the year for \$1200. This item has not yet been included in the equipment account.
- 3 A cheque for \$800 received from a credit customer has not yet been entered in the accounts.
- 4 At 30 April 2011:

loan interest owing amounted to \$250 electricity owing was \$380 insurance was prepaid by \$460

- 5 During the year Kirsty had withdrawn, for her personal use, goods costing \$1800. This has not been recorded in the accounts.
- 6 Commission receivable of \$150 was owing to Kirsty at 30 April 2011.
- 7 The provision for doubtful debts is to be provided for a specific debt of \$200, plus 2% of the remaining debtors.

© UCLES 2011 9706/22/O/N/11

For Examiner's Use 8 One half of the 10% loan is repayable during the year ending 30 April 2012, and the balance is repayable after that date.

For Examiner's Use

9 Depreciation is to be provided as follows:

Equipment 10% per annum on cost.

A full year's depreciation is provided on all equipment held at 30 April 2011, regardless of the date of purchase.

Motor vehicles 25% by the reducing (diminishing) balance method. There were no additions or disposals during the year.

REQUIRED

(a)	Prepare the income statement (trading and profit and loss account) for Kirsty for the year ended 30 April 2011.

Prepare the statement of financial position (balance sheet) for Kirsty at 30 April 2011.

For Examiner's Use During May 2011 Kirsty purchased new machinery with the following pricing details.

For Examiner's Use

	\$
List price	60 000
10% trade discount	6000
Delivery costs	1 000
Installation costs	2 000

The machinery maintenance costs are estimated to be \$5000 per annum.

Kirsty plans to keep the machinery for 5 years and then dispose of it for an estimated residual value of \$4000.

REC	QUIRED
(c)	Calculate the cost figure which should be used as the basis for depreciation.
	[2]
(d)	Calculate the annual depreciation charge using the straight line method.
	[2]
(e)	Prepare the Disposal of Machinery Account if the machinery is sold for \$12 000 at the end of four years.
	[6]

[Total: 30]

2 Answer Section A and Section B.

For Examiner's Use

A The sales ledger control account of Dream Beds for the year ended 31 December 2010 is shown below.

		\$			\$
Jan 1	Balance b/d	43 900	Dec 31	Sales returns	28 510
Dec 31	Sales	522 650		Bank	436 300
	Bank (dishonoured cheques)	2 200		Discount allowed	28 800
				Bad Debts PLCA Balance c/d	8 400 3 210 63 530
		568 750			568 750

The schedule of trade receivables (debtors) extracted from the sales ledger at 31 December 2010 totalled \$61 140.

The following errors were subsequently discovered:

- A sale of \$750 had been entered in John's account in the sales ledger as \$570. The correct entry had been made in the sales journal.
- 2 An entry of \$850 was correctly entered in Samera's account in the sales ledger, closing the account owing to Samera's bankruptcy. No other entry had been made.
- A sum of \$120 discount allowed had been debited to Beach's account in the sales ledger. The correct entry had been made in the cash book.
- 4 At 31 December 2010 the balances in Richard's accounts were:

Purchases Ledger	\$ 2680	Credit
Sales Ledger	1980	Debit

It was decided to set off Richard's balance in the sales ledger against the balance in the purchases ledger. No entries had been made.

- Goods to the value of \$800 were sold to Claire in June 2010, and the account had not yet been paid. Interest charges of \$30 are to be applied on the overdue account, but no entries for this had yet been recorded.
 - In addition a provision for doubtful debts of 10% on the new outstanding balance is to be created.
- Dream Beds had sent goods with a selling price of \$400 on a sale or return basis to Majit. Majit had not yet signified any intention to purchase the goods. Dream Beds had considered the goods as sold, and made the relevant accounting entries.
- A page in the sales returns journal in October 2010 had been undercast by \$1600. No correction had yet been made.

REQUIRED

Prepare the corrected sales ledger control account for the year ended 31 December 2010. [6] Prepare a statement reconciling the schedule of trade receivables (debtors) total with the corrected balance in the sales ledger control account.	L	ROIRED

During 2011 sales (in units) were expected to remain at the 2010 level of 25 000 units.

For Examiner's Use

Mary Smith is in the process of compiling her 2012 budget. Research has indicated a potential increase in sales (in units) of 60% compared with the 2010 level. The company is assuming that selling price **and** all variable costs per unit in 2012 will remain at the 2010 level.

The current production level is 32 000 units per annum.

To increase production further would require:

capital investment of \$3 000 000;

an increase in fixed costs of \$195 000 per annum.

REQUIRED

(d)	Prepare and label a break-even chart for 2012, taking into account all of the potential amendments.				
	Use the space below for your workings.				

[6]

(e)	Increasing production will allow the firm to potentially earn more profit. However, it could pose significant risks to the business.	For Examiner's Use
	Evaluate the above statement using your answers to parts (a) and (d).
